History: This message has been forwarded.

Hi Pat.

ORD has reviewed the document and is **concurring** with the Detailed Analytic Blueprint (DABP) for the TRI Industry Sectors Expansion Rule (Tier 2; SAN 5569).

We worked with OEI prior to the end of the review period to resolve the limited comments that we had on the DABP. Original ORD comments and the agreed upon changes that OEI will make to the DABP are documented in the attachment below. If you have any questions, please contact Walter Cybulski, ORD's primary workgroup member on this action.

MEMORANDUM

SUBJECT: Review and Comment on the TRI Industry Sectors Expansion Rule Detailed Analytic Blueprint (DABP) (Tier 2; SAN 5569)

FROM: Patricia Randolph Williams
OEI Steering Committee Representative

Below, please find the Detailed Analytic Blueprint (DABP) for the TRI Industry Sectors Expansion Rule (Tier 2; SAN 5569) for your formal review and comment. The Action Development Process (ADP) provides 15 working days for your review and comments. Please submit your comments to me, Patricia Williams, (Williams.pat@epa.gov) with copies to Gilbert Mears (Mears.gilbert@epa.gov) **no later than Tuesday, September 11, 2012.**

DABP Review Process

In accordance with the ADP and the Analytic Blueprint guidance:

One person representing each Office and Region should provide a formal response on the DABP. The response represents the position of their AA/RA. Even if an office is represented by more than one workgroup member, one person should be selected to speak on behalf of their AA/RA. It is the responsibility of the representatives of that Office to coordinate with their senior management as to who will provide the AA/RA position.

OEI needs a position memo (either through email or hard copy) from all participating offices immediately following the fifteen working-day review period.

Offices can respond in one of two ways:

"Concur" - constitutes full agreement, although the reviewing office may provide editorial suggestions;

"Concur with comment" - indicates the reviewing office has dissenting opinions, substantive comments or conditions which it wants the lead office to accommodate or elevate.

If OEI receives AA/RA "Concurrence" (no identified substantive concerns) from all participating responding offices, we will provide the final draft DABP to Malcolm Jackson for approval. If OEI receives an AA/RA "Concur with comment" identifying a substantive concern, OEI and the workgroup will work with the commenting office (and any other offices that may be impacted) to address the issue(s) before forwarding the DABP to Malcolm Jackson. If the workgroup is unable to address or accommodate the comment, OEI will schedule a cross-Agency issues meeting. This cross-Agency meeting is intended to provide a courtesy face-to-face opportunity to discuss and potentially resolve the substantive issues identified in the AA/RA position memo.

If you have any questions about the DABP process, please call me, Patricia Randolph Williams, at 202-566-0204. If you have questions about the substance of the rule or the supporting analyses, please contact the Workgroup Chair, Gilbert Mears at 202-566-0954.

Thank you for your assistance in reviewing this action.

Workgroup Members:

OAR Primary:	Amy Hambrick	OAR/OAQPS; SPPD
OECA Primary:	Kathy Clark	OECA/OCE; TPED
OECA Secondary:	John Mason	OECA/OC,MAMPD
OEI Workgroup Chair:	Gilbert Mears	OEI/OIAA,TRIPD
